

# Dorking

Dorking is a market town in the best tradition of English rural towns. For hundreds of years it has provided the focus and setting for the activities of townspeople and villagers from surrounding communities. It has always been and still is a vibrant community, with a strong sense of history and tradition. The people who live here have a pride in their community and the fabric of places, streets and buildings that give the town its special identity and sense of place. Visitors to Dorking will find a town that offers much to be enjoyed.

The Dorking DNA (Dorking Needs Action) Healthcheck team completed their Market Town Healthcheck in 2007.

The Team, which set up a company limited by guarantee, Dorking DNA Ltd, is now developing its bid into the SEEDA Small Rural Towns Programme. This bid will be focusing on developing and sustaining the viability of the town centre.

Members of the company include: the Chamber of Commerce, nominations from the two tiers of government, Churches Together, local businesses and local residents.
