

Call for multi-cultural music performers...

SMEF and Surrey Community Action are throwing a celebration of music from our ethnically diverse communities and would like **YOU** to take part!

According to the Mental Health Foundation,

"The importance of creative expression to healthy human development and recovery from mental distress is well established across cultures"

and we couldn't agree more. Which is why this event will form part of the Epsom Mental Health Week programme. Visit www.epsomentalhealthweek.org.uk for more information

This fun filled evening already includes: 'Women of Courage' African singing group, Gypsy music and a sing-along with Beth Hill and we are now searching for more music performers from our ethnically diverse communities to perform one or two pieces as part of the celebration.

Venue: St Barnabus Church, Temple Road, Epsom.

Date: 12th October 2010 **Time:** 7-9pm

The event is **FREE** to attend and refreshments will follow the entertainment.

Contact Lorraine Yates or Susannah Clarke at Surrey Community Action for more information and to book in your performers
