

# THE SURREY ASSEMBLY

VOLUNTARY, COMMUNITY AND FAITH SECTOR VOICE

The Surrey Assembly facilitates Voluntary, Community and Faith sector representation on the Surrey Strategic Partnership. This is achieved by:

- Organising the recruitment of Representatives via elections.
- Reporting back to the Sector on the work of the Representatives
- Feeding back to the Representatives the views of the Sector

The Surrey Assembly supports Representatives to represent the VCFs on the Surrey Strategic Partnership and other bodies by:

- Arranging training and providing support for all Representatives
- Facilitating briefings for sector Representatives
- Paying out of pocket expenses for non funded Representative expenses

The Surrey Assembly makes good communication possible as it:

- Understands what topics VCFs groups are interested in
- Publishing short reports on 'Hot Topics'
- Has a range of ways to contact the sector
- Disseminates information to all interested parties and collates views

The Surrey Strategic Partnership and other Statutory Partners use the Surrey Assembly to:

- Consult the sector
- Involve the sector
- Engage with the sector

The Voluntary, Community and Faith sector value the work of the Surrey Assembly. They attend events and meetings organised by the Surrey Assembly because they know they will find out up to date, relevant information and be able to network with colleagues.
